## **ABOUT US**

Sterling Surgicals was established in 1989, is one of the renowned company in the Surgical and MIS Industry in India.

We have been engaged in manufacturing and trading of quality endoscopic instruments for more than 3 decades under the influence of Mr. Ramesh Shah.

The company offers a wide range of surgical instruments in Laparoscopy, Gynaecology, Hysteroscopy, ENT and Urology.

We have various dealers across several states under Pan-India network and many customers in the overseas market as well.

From repairing to manufacturing quality products, Sterling Surgicals has come a long way.

Latest entrance in the company is Mr. Shanay Shah, BTech in Bio - Medical Engineering.

## **COMPANY ADVISOR & PRODUCT SPECIALIST**

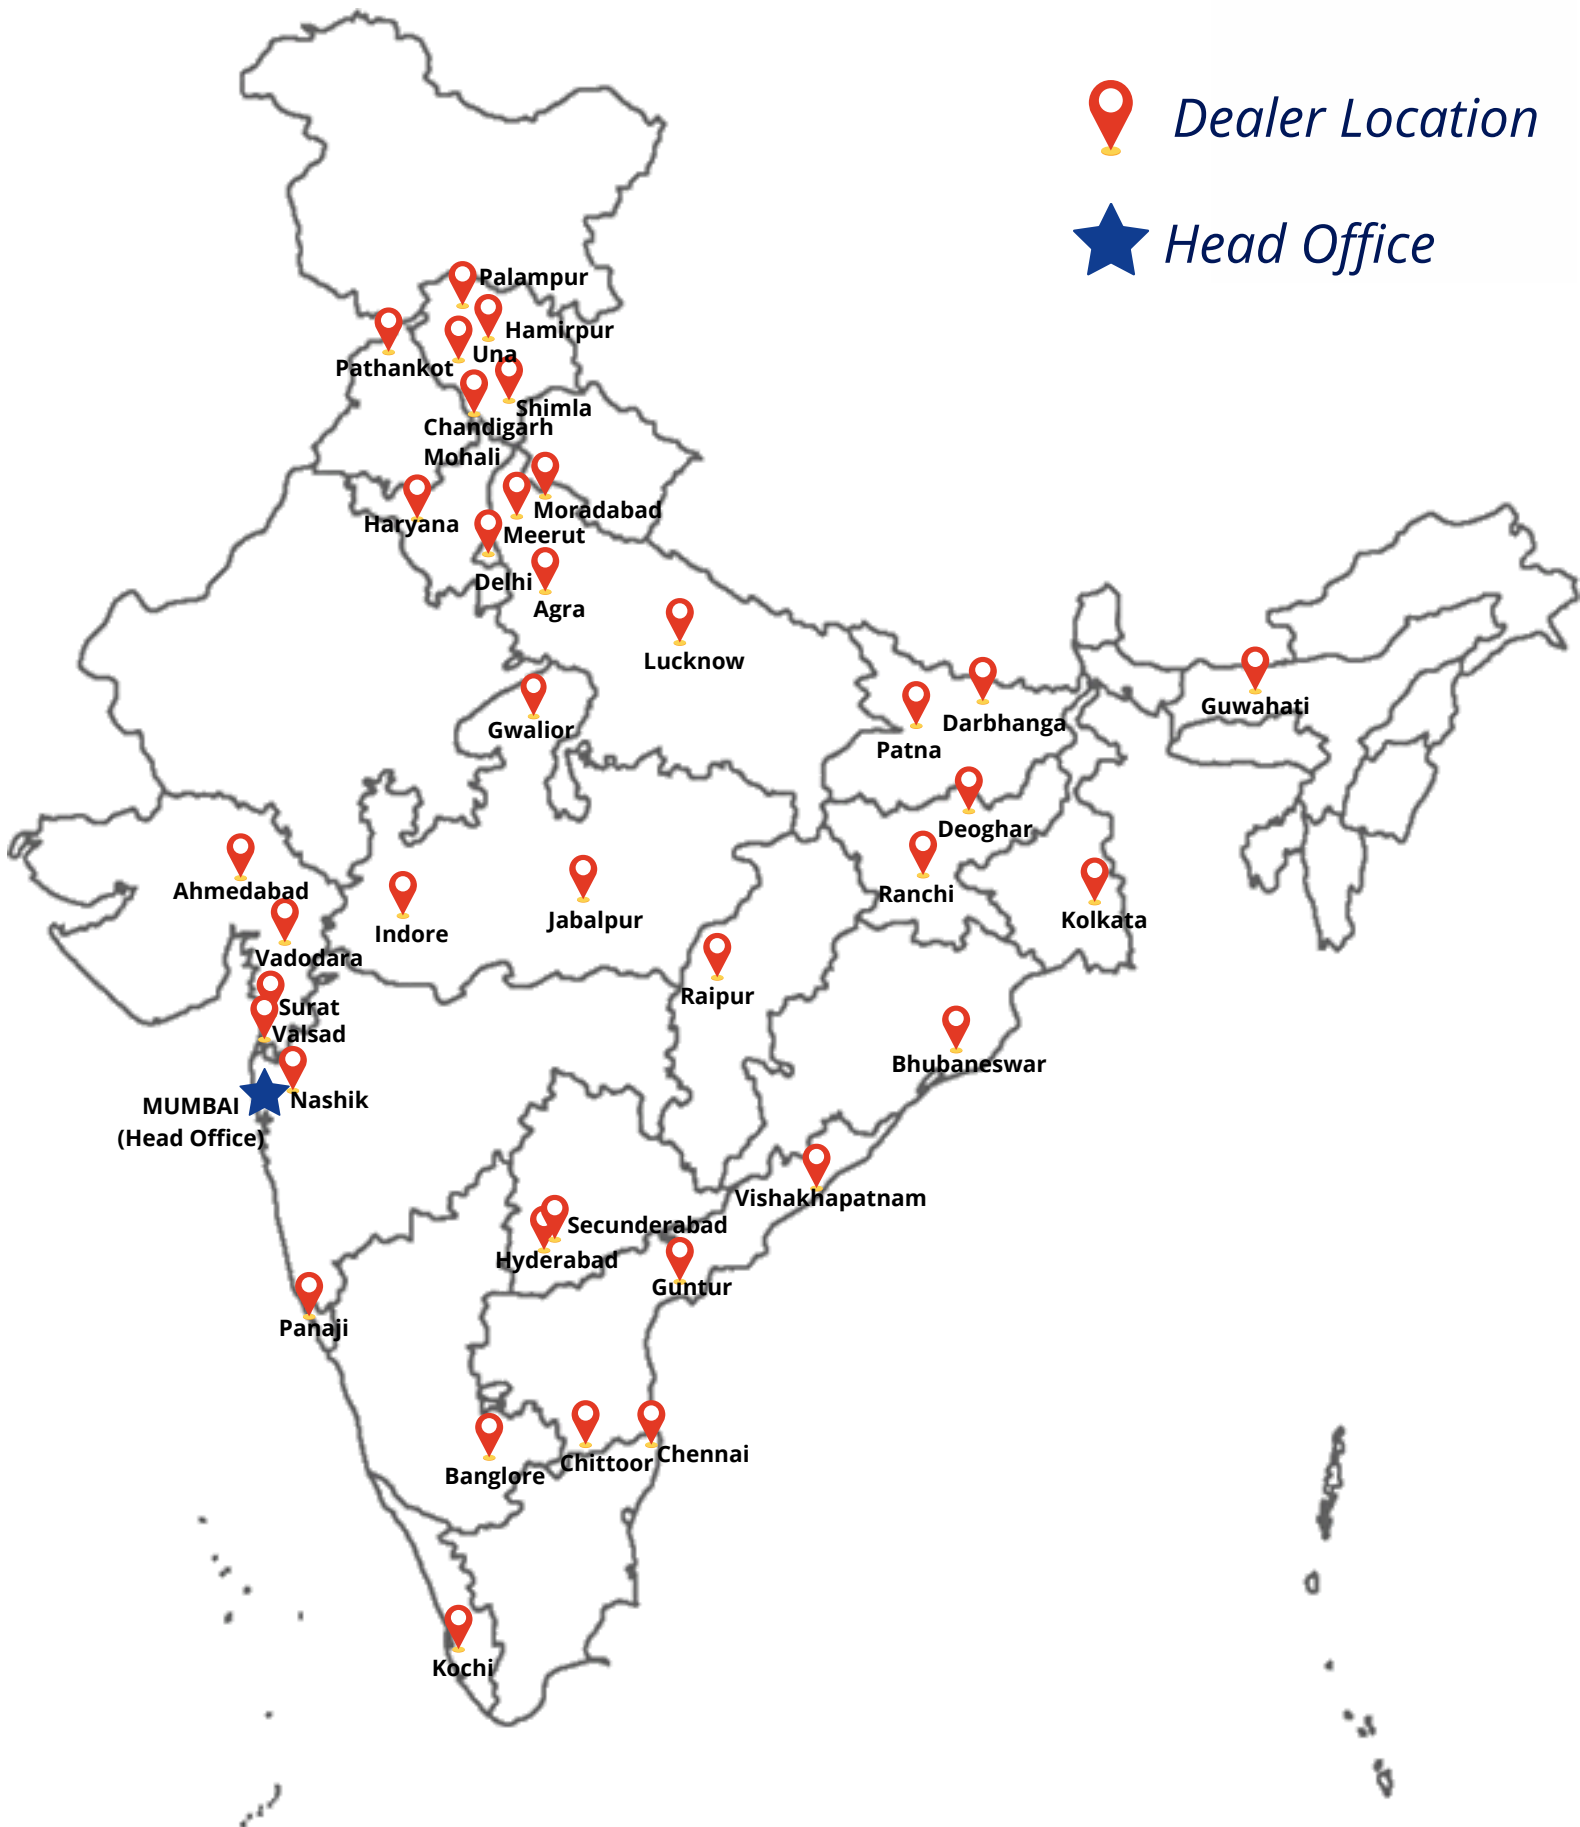

- Under the guidance of Mr. Ramesh Shah, Sterling Surgicals was started in 1989.
- He started his job in 1977 in Chimco Bio-Medical Engineers and then in Ajmera Bio-Medical Engineers.
- He had worked for Karl Storz in 90's and had taken training in German & Swiss factory, during the same period of time.
